27th June 2018

Dear Parents/Carers,

This half term our D.T. unit for learning is "Bread". The children will be tasting and analysing different types of bread prior to making a basic recipe. They will then use their findings to adapt it to a design of their own.

On Friday 7th July, the children will be sampling a variety of breads including: Brown, White Sliced, Baguette, Bagel, Naan Bread, Tomato and Herb Bread, Soda Bread, Ciabatta and other bread types.

As a result of this session, the children will be designing their own variety of bread with their own choice of additional ingredients. We will provide all of the ingredients to make the bread dough. However, as the children are choosing their own individual ingredients, we request that these are provided from home. The children will bring home a slip with these choices on after the tasting session. The ingredients will need to be brought in on the following days:

- 6N – Thursday 19th July
- 6OB – Monday 23rd July

If you have difficulty in providing any of the ingredients, please feel free to adapt accordingly in discussion with your child.

If your child has any allergies or medical conditions, or you have any questions about this curriculum task, please speak to your child's class teacher.

Yours sincerely,

Mr O'Brien
Year 6 Teaching Team

Mrs Norton
