Dear Parents/Carers,

Re: Local Incident

We have been advised of an incident earlier this week, where a man exposed himself to a female member of the public who was walking alone in the vicinity of the Sports Centre. This incident occurred around 2pm in the afternoon, in broad daylight and shortly before school children will be making their way home, some of whom may be walking alone.

The incident was reported to the Police and we are talking to the children in school about strangers.

Yours sincerely

Jane Wood
Headteacher
