15th January 2018

Dear Parents/Carers,

Maths information evening – Wednesday 24th January 2018

We are aware that there are many of you who would appreciate guidance on how maths is taught in school so that you can best support your child(ren) at home. Therefore, I would like to invite you to a maths information evening on **Wednesday 24th January from 5.30pm to 6.30pm.**

During the evening, I will provide some general information about maths at Hollybrook Junior School and discuss key maths strategies. All other class teachers will also be available to advise on the strategies taught and to answer year group specific questions. Our main focus will be on the four number operations (addition, subtraction, multiplication and division) and fractions although we will also cover problem-solving strategies.

We hope you will find the evening useful and informative and we would like to see as many of you as possible at this event. So that we can best plan the structure of the evening, please indicate on the slip below whether you are able to attend and also if there are any specific areas of maths you would like to be covered during the evening.

Thank you for your continued support.

Mr Milligan
Maths Leader

Reply Slip – Maths Workshop

Name of child: Class:

Parent's name:

I wish to attend the Maths Workshop on Wednesday, 24th January from 5.30pm–6.30pm.

I would like information about:
