Dear Parent/Carer

Re: Coronavirus concerns

I am sure that you are all aware of the outbreak of novel coronavirus in China and the subsequent confirmed cases in the UK. Although these cases are low and the current risk to the UK is low, we do take the health and safety of our pupils and staff very seriously, so we're sharing [guidance from Public Health England](#) on steps you should be taking.

There's currently no cause for concern at the Hollybrook Infant and Junior Schools, but we'll keep you informed about any developments and ensure we're keeping the school clean to prevent the spread of any virus.

How to prevent the spread of infection

Make sure you and your children follow these general principles to prevent spreading any respiratory virus:

- Wash your hands often – with soap and water for at least 20 seconds, or an alcohol-based sanitiser if soap and water aren't available
- Avoid touching your eyes, nose, and mouth with unwashed hands
- Avoid close contact with people who are sick
- If you feel unwell, stay at home and don't attend work or school
- Cover your cough or sneeze with a tissue, then throw the tissue in a bin
- Clean and disinfect frequently touched objects and surfaces in the home
- If you're worried about your symptoms, please call NHS 111 – don't go directly to your GP or other healthcare environment

If you or your children have returned from anywhere in Wuhan City, Hubei province, Iran, Daegu or Cheongdo (Republic of Korea) or any Italian town under containment measures in past 14 days

If you or your children are currently well:

- Stay indoors and avoid contact with other people as you would with flu viruses
- Call NHS 111 to inform them of your recent travel to the area
- Your other family members don't need to take any precautions or make any changes to their own activities

If you become unwell:

- Please call NHS 111 immediately in order for you to be assessed by an appropriate specialist in hospital, as quickly as possible

➤ Follow the [home isolation advice sheet](#)

If you or your children have returned from a specified country in last 14 days

The specified countries are:

- Cambodia
- China (other than Hubei)
- Hong Kong
- Italy (north – above Pisa)
- Japan
- Laos
- Macau
- Malaysia
- Myanmar
- Republic of Korea (other than Daegu or Cheongdo)
- Singapore
- Taiwan
- Thailand
- Vietnam

If you or your children are well:

- You don't need to avoid contact with other people
- Your other family members don't need to take any precautions or make any changes to their own activities

If you become unwell:

- Stay indoors and avoid contact with other people as you would with other flu viruses
- Follow the [home isolation advice sheet](#)
- Call NHS 111 immediately in order for you to be assessed by an appropriate specialist in hospital, as quickly as possible

Symptoms to look out for

If you've returned from the specified countries or Hubei, look out for the following symptoms:

- Cough
- Difficulty in breathing

- Fever (a temperature of 38 degrees C or higher)

If you have any of these symptoms:

- If it's an emergency, call 999 and tell them which country you have returned from in the past 14 days
- If you're unwell, but it's not an emergency, call NHS 111 and tell them which country you have returned from in the past 14 days

While you wait for further advice:

- Avoid contact with others
- Stay at home – don't go to work or school
- Don't travel while sick
- Cover your mouth and nose with a tissue or your sleeve (not your hands) when coughing or sneezing, throwing tissues in the bin
- Wash your hands often with soap and water for at least 20 seconds (or an alcohol-based sanitiser if soap and water aren't available)

As this is an evolving situation we advise you regularly check the latest information which can be found in the links below.:
